Devices

Apps

Settings

Account

Allows your users to quickly and easily enroll their devices into your Bushel on their own

Enabling open enrollment allows your users to visit hiddenplant.bushel.com on the device(s) they want to enroll in your Bushel.

Access Code

Create an access code to protect your open enrollment

This ensures only people you share the access code with can enroll devices into your Bushel.

Duration

Choose how long you'd like open enrollment to last

Sets the length of the Open Enrollment period. Users will not be able to enroll devices via Open Enrollment after the duration expires.

Restrictions

Limit where devices can enroll from

By default, devices can be added to Bushel from any network. You can further limit access to Open Enrollment by restricting access to this IP address only.
